SPOTLIGHT: *The Right to Abortion on the Local Level*

St. Louis had been home to Missouri's only abortion clinic, and residents and activists there have worked to build a strong local movement to support reproductive health. NARAL Pro-Choice Missouri, which facilitates a clinic escort program, has found a pattern of escalating clinic violence and is supporting efforts by the St. Louis Board of Aldermen to develop and pass a clinic safety ordinance. At the same time, St. Louis has no shortage of crisis pregnancy centers because Missouri provides millions of dollars in funding to these fake clinics. The direct action organization Reproaction is leading efforts to raise awareness of their deceitful practices through direct actions across the city.
