SPOTLIGHT: Campaign to End Chlamydia Epidemic

In response to an epidemic of chlamydia among young people in North Minneapolis, NorthPoint Health and Wellness Center convened the North Minneapolis Chlamydia Partnership (NMCP) to bring together a range of community-based organizations working with families in the neighborhood and support young people as partners. Teen leaders developed a campaign, Community Restoring Urban Youth Sexual Health (CRUSH), which hosts peer education events to promote testing and treatment of STIs, creates and runs social media campaigns that raise awareness of chlamydia and other STIs, and offers trainings for parents and caregivers on how to talk to young people about sexual health.
